A message from Miss Porter & Mr Evans:

We are looking forward to this afternoon's sports day – the weather forecast has definitely been favourable for us all week and it's great to have a year when we're not worrying about whether it'll be on or off! Thank you for the cake donations received this morning; don't forget to grab your cuppa and cake this afternoon before taking your seat on the bank ready to cheer the children on.

Yesterday we were visited by some of the children who will be joining us in September. Our current Reception children were superstars too as they were very kind and caring and helped to make the new children feel very welcome – thank you! Seeing Key Stage 2 participate in their drama sessions with Rob Pudner recently has been fantastic. Not only is Rob so engaging but seeing the children develop and hone a myriad of skills whilst learning is great.

If you are able to join us, we hope you enjoy this afternoon's sports day.

Have a good weekend,

Miss Porter & Mr Evans

Thank You Certificates

The Children's Week

Classes 1 & 2: We are very proud of the year 1 and 2 children that have taken part in our Phonic Screening this week. Without exception they have worked very hard in the lead up to the screening and gave their best efforts on the day. Congratulations to all of them for their achievements.

The other big event this week has been the lead up to Sports Day on Friday. The children have run, jumped, thrown and 'dribbled' their way up and down the field to practise for this and the best features of the practises have been the looks of concentration and the broad smiles as they took part.

In Maths the Year 2 children have been practising finding the lines of symmetry in shapes and talking about fractions of numbers. Year 1 have also been continuing with their work on fractions, this week has been focusing on fractions of number. Reception have been continuing their work on telling the time to the hour and half hour and have finished making their clocks.

Class 3: We had an amazingly busy week this week. The children worked tirelessly at the beach, searching the rock pools for all sorts of sea creatures, collecting all the plastic rubbish as we walked along and learnt about life cycles. During Science, we have begun to research the movement of water, through the use of food colouring and chrysanthemums, although, we're still waiting for the dye to reach the petals. In Maths, we have started telling the time with increasing accuracy and in Literacy.

Class 4: Class 4 have had another varied week. They have begun looking at Greek Myths and explored features of these stories. This was followed up in a drama session with Rob Pudner on Tuesday afternoon when they looked at the story of Odysseus and Polyphemus. The children have also been exploring and writing poetry. In Maths, Year 5's have been developing their understanding of decimals and Year 6's have been exploring 3D shape. During our Science sessions, the children have created keys to classify animals and have begun to research a project on one of the 5 classes of animals in the Vertebrates group. We have ended the week with sports day practice with the main event on Friday afternoon.
